2026 CORPORATE PARTNERS

Neighborcare Health Foundation
Executive Director
Candace Jackson

Expanding Access, Improving Care

For over 56 years the needs of our patients have always come first. Born out of the Civil Rights Movement, **Neighborcare Health provides integrated medical, dental, and behavioral health services to 60,000 patients a year.** We've been meeting patients where they are, serving as a critical safety net for our community at 30 clinics across Seattle and Vashon Island.

Neighborcare has been a community leader in recognizing and meeting patient needs that go beyond traditional health care.

We serve people who would otherwise lack access to health care, including youth at our clinics in 17 schools, women, immigrants and refugees, seniors, veterans, people living with disabilities, LGBTQ+ people, and our unhoused neighbors.

No one is turned away based on their ability to pay. More than 88% of the community members we serve are living at or below the poverty line, struggling with homelessness or housing insecurity, or cannot afford insurance. Your generous support ensures everyone gets the healthcare they deserve.

In these uncertain times, **we need your partnership to double down on our goal of pursuing 100% access to care with zero health disparities** for families and communities throughout the Puget Sound Region. Help us fortify the future of health equity, access and justice for all. Healthy people are the foundation of healthy communities.

Neighborcare Health at Meridian

Built with the support of our
generous donors in 2015!

Corporate Partner Approach

At the Neighborcare Health Foundation, we understand that strong partnerships are key to building a sustainable, resilient healthcare system. **Our corporate partners are not just supporters—they are essential voices in ensuring that every Washingtonian has access to the care they need.** Your investment goes beyond financial support. It helps us create a thriving, supportive community dedicated to advancing healthcare equity.

Why Larger Investment Matters

Community health centers like ours provide care to approximately 1 in 6 Washingtonians, making us a cornerstone of healthcare for those furthest from access.

But as federal funding becomes increasingly uncertain, the role of our corporate partners has never been more crucial in creating stability and peace of mind for providers on the front line and the patients they serve.

Larger funding contributions directly support:

- Expanding vital health services, from reproductive health care to services for our unhoused neighbors.
- Maintaining access to care for individuals who would otherwise face barriers, ensuring no one is left behind.
- Strengthening our capacity to deliver equitable care to underserved communities, reducing health disparities that persist in our neighborhoods.

CORPORATE PARTNER BENEFITS

PARTNER BENEFITS	TRAILBLAZER \$50,000	LEADER \$30,000	ADVOCATE \$20,000	ALLY \$10,000	COMMUNITY \$5,000
